

# APRIL 2016

## HARRIS CROP INSURANCE LLC

### DATES TO REMEMBER...

**Mid-May** ~ Acreage Reports will be sent out  
**May 30** ~ Memorial Day Closed  
**September 30** ~ Wheat Sales Closing Date

*This agency is an equal opportunity provider*

### ENTERPRISE UNITS REMINDER...

**If you signed up for your unit structure to be changed to Enterprise Unit (EU) or you left EU on any crop...Remember you need to make sure as you plant, that you (and any landlords with EU units) remain qualified to keep EU pricing. If your acreage report does not list adequate acreage for a crop, EU option is dropped and your premium is charged at whatever your level is with optional unit pricing.**

*Enterprise Unit= all insurable acres of an insured crop in the county of which you have a share are consolidated into 1 unit for loss calculations.*

- EU must contain: all insurable acres of a crop in 1 or more basic units, located in 2 or more separate sections; or 2 or more optional units established by separate sections or section equivalents. The 2nd or more sections making up the basic or optional unit must have planted acreage that constitutes at least the lesser of 20 acres or 20% of the total insured acreage in the EU.
- **Don't forget: Crop-Hail Insurance Hail Rates for wheat are similar as last year for most counties and townships we write. You will want to consider crop-hail especially if your crop is in Enterprise units.**

### WHEAT CONCERNS

**Reminder: Any insured crop needs appraised by our adjustors, Call us before you do anything to it, other than harvest for grain.**

**Spring Crop plant dates:** Spring crops have a 25 day late planting period after the final plant date. Each crop is to be reported and insured at a reduced coverage per day. After the late planting period, acres are still to be reported but is your choice for min. insurance or insurance waived which you specify on your acreage report.

CORN	Initial	Final
CS,DK, FR,GE,GH,KM,KW,LY,MN, MP, MI, MR,PR,RN,SA,SF,WB,WS	1-Apr	25-May

 PLEASE CHECK US OUT ON OUR WEBSITE FOR  
 UPCOMING DATES  
 MEETING MATERIALS  
 NEWSLETTERS  
 ETC.

**GRAZING OUT WHEAT...**Acres of wheat, you do not intend to harvest should be appraised for your APH ASAP (If you did not short rate) If we are not notified, it will cause you problems on your APH, it is considered destroyed without consent. All cattle should already be off wheat if you intend to harvest it.

**LRP- GRASS CATTLE...**We've been able to help protect your cattle investment. Let us help limit your downside risk. Contact us between 3:30pm - 9am.

# Crop Hail

We are offering several companies to write Crop Hail Coverage.  
There are a few differences between the companies.  
Please call us for more information.

## RCIS

### CROP – HAIL

- Hail rates in many areas are the same as last year.
- 5% Cash Discount for premium paid prior to July 1<sup>st</sup>
- 2 hour binding
- This policy covers fire losses not covered under regular crop insurance policy
- This policy covers transport to first place of storage within 50 miles
- Vandalism coverage
- An endorsement for wind & tornado damage is available in Kansas. It offers protection when hail destroys 5% or more of the crop during the same occurrence. It is available at a rate of \$1 per \$100 of insurance.
- If you had a policy last year with us, you are guaranteed the ability to re-write a policy this year by 4/30, if you have damage before you write this years policy.
- While hail damage is a covered peril under you Federal Crop Insurance, a claim is paid only when your yields fall below your guarantee (i.e. a major hail storm) This Crop-Hail policy covers the profit end of your yield, it protects your crop insurance by covering the “first” damage by hail.
- Most MPCl policies with EU, leave you risking your input cost on an individual field, could be \$200+ an acre on a 100% share that is not covered by crop insurance. MPCl also covers fire only from lightening. The hail policy and the crop fire policy cover other accidental fire losses not covered under the MPCl policy.
- Don't forget: with Enterprise Units on wheat—you have NO spot loss protection from hail without crop-hail insurance.

**If you ever call us for Crop-Hail insurance and you get our answer machine, tell us; dollars of coverage you want per acre and basic plan, 10% deductible, etc. We can write the policy based on the time stamp of the answer machine.**

## NAU Country

- Change in Hail rates for 2015
- 5% Cash Discount for premium paid prior to July 1st
- 2 hour binding
- Fire Coverage Included
- Transport to first place of storage within 50 mi.
