### 2018 WHEAT SCHEDULE OF INSURANCE/PRODUCTION REPORT

You have already received your 1<sup>st</sup> Schedule of Insurance directly from our company – Rural Community Insurance. *This is not a billing statement, although it does tell you how much your bill will be. A statement will come shortly after July 1<sup>st</sup>.* This schedule of insurance shows the number of acres, location, your share, plant date, amount of insurance you have, who else has a share, etc. **PLEASE take a little time to go over this form** (tenants and landlords, this is perhaps a time to communicate with each other). **Make sure this info is all correct.** The form you receive and the info on it (if you get more than one) is for the person or entity named in the box on the upper left side. **PLEASE double check your wheat Schedule of Insurance with your maps.** We can apply to make revisions if you are over 5% tolerance on acres, which will be considered on a case by case basis. We can not make revisions after a notice of loss is filed or the adjustor is already looking at your FSA certification papers... Tolerance rule includes any change in liability, acreage, share and APH errors.

**Call us immediately if something is not right!**
